Flam Chen has been performing and touring new circus since 1994. We create dazzling public **spectacle** merging **daredevil acrobatics**, **pyrotechnics** and a mastery of electricity, air and fire. Our interest in community interaction, educational outreach and public ceremony has led Flam Chen to innovate work that imbues the **exhilaration** of a symphony, the timeless **beauty** of opera and the **raw physicality** of sport. City centers and creative communities cry out for work that is inspiring, inclusive, bonding and celebratory. Through Procession, community skill-building workshops and **novel use of public space** We re-connect audiences to the **Power** and **Velocity** of the performing arts.
